Southern Africa – Towards Inclusive Economic Development (SA-TIED)
SA-TIED (1)

- Responsible for WS1: Enterprise development for job creation and growth.
  - WS1: Understanding the opportunities and constraints to private sector development and productivity growth is key for the design of effective policies for job creation and economic growth more broadly.
  - WS1: Deeper understanding of the functioning (economic complexity) of the private sector in SA and the mechanisms through which government private sector policies affect firm-level productivity and job creation.
SA-TIED (2)

Overall objectives of SA-TIED - WS1:

- Update and expand the tax administrative and other micro-data available in South Africa for use by researchers.
- Engage in, and support, policy relevant academic research that use these data sources.
- Communicate the findings of the research to all stakeholders including the academic community, policy makers and civil society.
- Build capacity within South Africa in the management and use of large micro-datasets for microeconomic research.
