

Transforming Economies - for Better Jobs  
WIDER Development Conference in partnership with UNESCAP,  
September 2019, Bangkok

**Comments for:  
Structural transformation and its role  
in reducing poverty**

Verónica Amarante  
Economic Commission for Latin America and the Caribbean, ECLAC (UN)  
Office in Montevideo

The report examines whether the traditional approach of structural transformation is still a valid pathway, given the increasing pace of technological advancement and broader objectives of social inclusion and environmental sustainability
