Afghanistan Risk and Vulnerability Assessment 2008

Survey:

The National Risk and Vulnerability Assessment (NRVA) was financially supported by the European Commission (EC) by the National Surveillance System (NSS) project, spanning almost 5 years.

The NSS/NRVA project team consisted of a “joint venture” between the Vulnerability Analysis Unit (VAU) within the Ministry of Rehabilitation and Rural Development and the Central Statistics Organisation (CSO) covering over 21000 households.
